ADELAIDE SA 5000

Dear Mr Brooks

RE: ENTERPRISE BARGAINING 2009 CLAIM

The Public Service Association (PSA), on behalf of its members, makes the following claim as a basis of a new Enterprise Agreement.

This letter presents an overview, which will of course be underpinned by extensive detail during the course of negotiations.

PSA seeks an outcome in an Enterprise Agreement which as a total package provides worthwhile benefits to members, including:

- A fair and reasonable salary increase for all.
- Protection of existing conditions.
- Job security.
- Improvements to conditions and allowances.
- Agency / classification specific schedules to deal with particular requirements, including but not limited to Allied Health.

Issues such as the date of effect for payment of the initial increase and the life of the Agreement are also significant. In order to facilitate discussion at our first formal meeting, PSA advises that it expects the first payment date to be 1 October 2009.

Yours sincerely

JAN MCMAHON
GENERAL SECRETARY
