The South Australian State Budget for 2009/2010 was delivered today 4<sup>th</sup> June 2009.

Further to the general Brief issued by the PSA, this report deals with Agency specific matters.

This year's budget included funding for the following initiatives:

- Over the next four years, the State Government will recruit an extra 25 dental therapists into the public dental service to provide 13,000 more dental visits a year to eligible South Australian adults.

Although some improvements have been made to the overall Health component of the State Budget the PSA will continue to focus on how the Budget will be allocated across metropolitan and country health regions.
